Terms of References

The main objectives of Hospital Infection Control Committee include-

1. Organise in-service training for all staff categories on infection control and safety to ensure awareness of hospital policies.
2. Advise all staff to maintain an infection-free environment for patients and healthcare workers (HCWs).
3. Conduct regular surveillance of hospital-acquired infections, analyze data, and implement corrective and preventive measures.
4. Ensure adherence to policies and procedures outlined in the Hospital Acquired Infection Control Committee manual.
5. Conduct training programs for new and existing employees regarding hospital infection control practices.
6. Investigate infection outbreaks and implement corrective actions to mitigate risks.

Meeting Frequency: Quarterly in a year

Quorum: A quorum of 60% is necessary for the committee to meet. This ensures adequate representation and participation in critical infection control matters.

Minutes of Meetings (MoM): The Member Secretary will be responsible for maintaining, uploading in the link of SMCW & SUHRC **Minutes of Meetings (MoM)**, and circulating the MoM in the approved format.

Action Taken Report (ATR): The member secretary will update, upload in the link of SMCW & SUHRC **Minutes of Meetings (MoM)**, and circulate the ATR before the commencement of the next meeting.

No business transaction will be done during the proceedings of the committee meetings.
