

SMART Ambulance Inauguration

Revolutionizing Emergency Care at SUHRC!

Honored to be part of the Smart Ambulance inauguration at SUHRC, alongside visionary leaders like Prof. Dr. S.B. Mujumdar, Dr. Vidya Yeravdekar, and Mr. Nirmal Kolte.

With real-time vitals sharing, live coordination, and advanced diagnostics, this ambulance turns every second into a life-saving opportunity. It's a mobile extension of our ER—faster, smarter, and more responsive.

SUHRC continues to lead in healthcare innovation, prioritizing excellence and patient-centered care.
